Call to set up an appointment TODAY!

201-254-7767

Please leave information on voicemail and we will return
your call.

Or email us at service@qmsnj.com

For emergency service please call 201-261-6500

PeerlessBoilers

Regional Factory Service
Representative

Most heating system failures can be prevented if your system is checked regularly.

Don't you want to be as sure as possible that you will be warm on those zero degree days? With current fuel costs as high as they are, don't you want to ensure that your hard earned money isn't going up the chimney? Wouldn't you want to know if you had a small problem now, rather than a major issue later? Do you want to make sure that your family's health and lives are protected from deadly carbon monoxide and combustion gasses? If you answered yes to any of the above questions, call us today to schedule your appointment.
